

SUPREME 27

Supreme 27 is a watersports manifesto and a new approach to the popular bowrider class. Spacious and comfortable like nothing else in the category, the Supreme 27 is a spectacle of fun and games at sea, with a multitude of entertainment options and seating areas, all wrapped up in the usable and functional RAND Boats design, where every inch is designed to make the time aboard free of obstacles.

BRIEF INTRODUCTION

General: Spacious and comfortable like nothing else in the category, the Supreme 27 is a spectacle of fun and games at sea, with a multitude of entertainment options and seating areas, all wrapped up in the usable and functionalistic RAND Boats design. The overwhelming space aboard the Supreme 27 culminates at the aft sun lounge which provides a remarkable queen size threeman bed with perfect view of the horizon.

Spacious sun lounge: The overwhelming space aboard the Supreme 27 culminates at the aft sun lounge which provides a remarkable queen size three-man bed with perfect view of the horizon disappearing and the wake shaping in the sea after the hydrodynamically shaped Supreme 27 hull.

Aesthetic steering: The Supreme 27 steering console has taken inspiration from the automotive-industry and lends comparison especially to classic Italian sports cars with the informative dials and gages mounted into a carbonfiber panel, soft padded leather frame, and stainless-steel and natural leather steering wheel – controlled and operated from the rotating luxury sports captains seat.

Custom cockpit design: The cockpit chaiselounge can be switched with the optional kitchen from the Leisure 28 on the port side of the Supreme 27, adjacent the electric toilet.
